Riley Balsom – Councillor

Mizzen Heritage Board:

Ed Arnott
Betty White
John Warren
Paulette Cumby
Gordon Tavenor
Sandra Warren

Others Present:

Alice Cumby – Town Clerk/Manager
Colleen Murphy

Meeting started at 7:30pm

Ed talked about the importance of the SUF Hall in the community but explained that the committee doesn't have the monetary funds to keep up the building; but will help out where necessary.

The Council and the Heritage Board both agreed that the SUF Lodge is number one where the organization started. The Heritage Building is very important to the Town as well as the residents of Heart's Content.

The first step would be to contact Service NL to get an Inspection done on the SUF Hall.

Councillor Hank Whelan said that this project could be done by volunteers within the community and a joint effort on everyone's part.

Mayor Doug Piercey said that it wasn't too long ago since the last inspection was done on the SUF Hall.

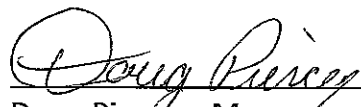

Discussions from Council and the Heritage Board on opportunities for funding were also discussed. ACOA, Innovative Community Fund, Provincial Funding were all mentioned.

Story boards to show inshore and Labrador fishery, artifacts, model of a cod trap, model of the Kyle, books of the early 1900's were some of the few things mentioned that could be on display.

Councillor Hank Whelan also suggested videotaping the whole process and making a 15-20 minute clip to put in the SUF Hall when it's completed.

Alice Cumby, Town Clerk/Manager

Doug Piercey, Mayor
